

Relcom Inc. sells products world-wide that must meet the environmental regulatory requirements of European Directive 2011/65/EU amended by Council Directive 2015/863/EU relating to hazardous substances in electrical and electronic equipment. The directive states that electrical or electronic equipment containing more than specified limits of certain hazardous substances cannot be sold in Europe, unless the equipment falls into an "exempt" category.

Relcom Products that are required to comply with 2011/65/EU and 2015/863/EU are in full compliance with the directive, including reference in Declarations of Conformity as required.

EU Declarations of Conformity are provided with documentation included in the product shipment.
